

SCC Minutes - Minutes Feb 20th 2018

Attended- Brad, Missy, Natalie, Melissa, Rachel, Amy, Heather, Kim.

-Brad goes over budget 16,695.35 total

-We need to contact the district to move funds from one account to the next

-Just under 92 thousand for next year

-Missy made motion to move money from textbooks to technology.

-Melissa seconds the motion to move money from textbook to materials and supplies.
Motion unanimous, Passes.

-Nichole is working to get donations in stead of using SCC money for smart boards for teachers.

-Mrs Jenkins is getting a smart board donated to her classroom. It's been delivered.

-The resource teachers are getting matching money for a smart board for the resource rooms.

-Natalie would like to see a clear plan to implement and train teachers to use smart boards for moving forward if we decide to use SCC money to move forward with smart boards.

-The Library is talking to the PTA about getting a smart board for the library.

-Missy talking about dibels progress monitoring, reading test for comprehension and accuracy and analyze the scores. K-3 dibels is mandatory tested and monitored and 4-6 grades we would like to eventually pull out kids and work on the academic holes in testing but for now they focus on K-3.

-Brad points out the color coded test results can be deceiving because the kids might be right on the edge of a color either just above or just below.

-Missy analyzes the numbers/scores, puts them in spread sheets, sends to each teachers and they pull out the kids and work on specific problems custom for each kid. The color board in the reading room will have photos color coded for teachers to see where their kids are and the progress they are either making or not. Kids were making CONSIDERABLE progress but still hadn't jumped up a color so they changed the way they display results to show that kids were still making good progress and dibels is working.

-Principal Davies really loves the collaboration with the teachers and that the teachers see kids in class working on and using the things they learn.

-Summer reading program maybe bumped up.

-Maybe nice to have money for one more aide for next year then we would have one per grade.

-Kim and Rachel will go to Kindergarten collaboration next month.

-1st grade Collaboration biggest need reading fundamentals,

-2nd grade Collaboration would love new chrome cart with headphones, love dibels aides, not seeing a huge benefit with double dosing, love smart boards, math intention which works with smart boards and chrome books

-3rd grade Collaboration Biggest academic needs, reading but its taken care of with dibels, math & writing, maybe one aide to come in during writing time because kids are learning chrome books as well as learning how to write, they need more one on one time. Love teacher i-pads but they're just getting old and maybe need to replace them but not this year or next just sooner rather than later.

-4th grade Collaboration A LOT to say about the computer lab and what is broken, (Brad we are on rotation to get a new lab this next year) Hellmandollar wants chrome books just for her class. Slack wants an aide.

-5th Grade Collaboration Barker & Garrett are happy with double dosing aides, want a bundler for the chrome book cart, 2 sets of classroom pads for mice, headphones, Finland conference they would like to attend. Need more microphone for teachers, Jackson give Michelle his. Everyone but Jackson wants a smart board. Lunchroom needs new speakers.

-6th Grade collaboration Mrs Fowels wasn't there new Chrome book cart keys are missing, teaching science is great but they need \$1500 for consumables. We may need to facilitate yearly. They need to learn how to incorporate iPads better, Will & Diane were on board with smart board and some don't want anything to do with a smart board.

-Donors choose can be looked into. Everything needs to be approved by Brad.

-Netsmartz is scheduled for March 21st

-Meeting in March 6th SCC may be longer

-BRING SNACKS

-Keep in mind an idea for what we want to keep and what we may want to change in the budget for next year. Suggest maybe 5-7 teacher per year to Ron Clark Academy

-Maybe we reallocate text book money for next year.

-Missy make motion to adjourn

-Natalie second

-Motion unanimous
